FINNMASTER 52 SC

With the flexible 52 SC you can navigate through even the narrowest passages. The large steering console also protects your passengers when you go out on an adventure in the sea. Thanks to our Smart Design, there is plenty of storage space in both the bows and under the stern seats. We have also placed steps all around the boat to make it easy for all the family to step on board.

Engine Options:

Yamaha F50 £22,043

Yamaha F60 £22,643

Yamaha F70 £23,313

Trailer options are available on request

SMART DESIGN

At Finnmaster, we have designed and manufactured boats at our boatyard in Finland for more than 25 years. Over these years, we have worked hard to develop smart solutions that, for example, mean there is always somewhere for you to stow the fenders, just seconds after casting off. Nor do you need to move the cushions when you want to stow anything in the storage space. We call our concept Smart Design. It means we tailor the form to the content to make life at sea easier – whatever you use your boat for. These solutions do not only help to tie together well thought-out and practical details with smart and modern design they mean above all that the skilled captain and the curious novice can both have wonderful experiences at sea.
