The smallest of the Canal beam models from Viking the 23 offers accommodation for 4 within the cabin with a forward V bed and dinette conversion. A large galley and separate toilet and shower room all interior areas feature excellent headroom throughout. The boat can easily be towed and thus this opens up your navigational location to suit your individual desires any where within the inland UK waterways. The Viking 23 is fitted with a 15 EL Mariner outboard Motor. As with all Vikings larger engines are available and a large selection of options can be fitted to personalise to individual tastes, please contact us for full prices and list of options

Layout

CABIN

The interior of the Viking 23 offers accommodation for four easily with a minimum headroom of 6'02". The cabin is laid out with a V bed forward with an infill to make this into a good sized double berth. To port aft of this the dinette is located with forward and aft facing seats which feature extendable sections to make this a double berth or to seat four around the table. Opposite and to starboard is the galley with storage beneath the worktops. The sink and hob is a combined unit with a flush fitting fold down glass cover. Aft of the galley the toilet room has a cassette flush toilet, shower and foldaway sink.

COCKPIT

The cockpit features the helm to starboard with steering via a cable to the outboard, single lever engine controls and ancillary switches. A single pedestal helm seat is to port with further seating aft in an "L" shape design. Access to the port deck is via a step following removal of the base cushion and to starboard by a step beneath which the gas locker is located. The feature of this small and versatile craft is its transom access via the bathing platform giving easy unobstructed access from shore side to the boat.

EXTERIOR

The Viking 23 is fully hand moulded featuring a gel coat exterior strengthened by chopped strand matt. All exterior fittings are in stainless steel and the boat has side decks of approximately 4" in

width, sturdy handrails are located on the cabin top and the bow is surrounded by a stainless steel pulpit. The 23 is a rare craft in offering navigation to all UK inland water due to her design beam of 6'10".

OPTIONS

The Hi Line specification of a Viking includes; Oven and grill, hot and cold water, shower and fold down sink, cassette flush toilet and antifouling. It is to purchasers choice to order a Hi Line or the standard craft which retails at £4000 less without these features. All craft built by Viking Mouldings can be fitted with further options customising each boat to individual tastes including such items as cabin heating, bow thruster, sea toilet, radio CD player. A full list is available upon request.

ENGINES

All Viking models are outboard powered. As standard prices are quoted with Mariner outboard models, we can offer prices for any outboard to purchasers choice and size depending on individual preferences and planned location of cruising.
