Joystick Control

Manufacturer Provided Description

This flagship model, with her sinuous profile, goes even further by offering a sporty look, luxurious spaces and unparalleled finish. Enjoy this spacious sport top, laid out entirely on one level, with its large U-shaped salon to port side, a modular bench seat at the helm that converts into a sheltered sundeck, and a very attractive cockpit galley. Luxuriously zen, the interior design of the LEADER 46 will seduce you with her contemporary spirit that has been carefully studied down to the smallest details. A true owner's suite is a pleasant surprise, with her superb central cabin and a king-size bed, modular head and shower compartment. The guest cabin and private head and shower compartment offer the same luxurious details and overall comfort (berths may be separated, copious storage). Note: this model may not be available in some countries; see dealer for details.
