- 6.71 m/22 ft

What I call a big little cruiser/racer with classic lines and a good family boat. A capable sailer and could even be trailered! The current owner has not been able to use her much and is keen to sell! There is now an adjustment to the engine power system as a an installation of an adjustable outboard bracket to enable easier motorised passage, mounted on the transom has been completed. The new outboard engine is available as an extra to cost. The boat has a current BSS Certificate until 2022. The current mooring is available and is paid until March 2020.

These boat details are subject to contract.

Note: Offers on the asking price may be considered.
