

## Boorncruiser - New Line 35

£ 75,500

📍 Brundall, Eastern

**Boatshed Norfolk**[www.boatshednorfolk.com](http://www.boatshednorfolk.com)**+44 (0)1603****717989**

• Brundall • 1992 • 10.4 m/34 ft • 1

These boat details are subject to contract.

A superbly presented Dutch Steel Cruiser built in 1992 powered by a single Cummins 6 cylinder normally aspirated diesel engine that has covered 1702 hours.

Her current owner has been meticulous in her upkeep and servicing and it is impossible to find fault.

She was surveyed in 2014 and the ultrasound reading for hull thickness were reading the same as when she was built.

She has a huge inventory and has recently had new top quality upholstery and carpets, cockpit instrumentation (most of which is repeated at the upper helm)

She has a new macerating toilet to holding tank or there is a diverter valve to sea.

The fuel water and waste tanks all have gauges.

This really is a stunning boat and really must be seen to fully appreciate the high standard of finish throughout.

She has both Bow and Stern thrusters.

Her current mooring in Brundall may be made available to the new owner if required.

Note; The RIB and engine are available by separate negotiation with the owner and are not included as part of the inventory.
