2007 Elan 340 Regatta Sails available at an additional cost.

The Elan 340, voted European Yacht of the Year 2007, is a complete hi-tech design cruiser/racer with the emphasis on top level performance to capture the spirit of the competitive sailor and at the same time offering the well appointed comforts and style for the enjoyment of the cruising family. The successor to the highly successful Elan 333, the 340 is an even faster yacht with a longer cruising range and more competitive for those owners who enjoy weekend or even offshore racing.

Designed to slice through the waves with the minimal resistance, and a fuller aft body to increase her stability and create further improvement in downwind speed.

With a big and powerful rudder the boat is extremely controllable and easily managed by a family crew.

Up on the deck of the 340 is elegant and purposeful. The wheel is placed well aft, creating a much more spacious feel to the cockpit. All the sail controls lead back to the cockpit, making her an ideal yacht for family and short-handed sailing.

2007 Elan 340

OPTIONAL EXTRAS FITTED:
