Features

'Flying Fish' a mid 70's 17 foot GRP angling motor boat with an inboard 4 cylinder petrol engine via Z drive. Ideal coastal family day cruiser with a spacious rear deck providing an ample working platform for day fishing. The vessel has the benefit of a new engine fitted in 2019 at a reported cost of £12,000.00. Perfect opportunity for a family looking for their first motor boat or an enthusiastic fisherman after a practical platform to land their catch of the day. This is a versatile boat that can be moored in a local marina or towed if necessary. Viewing is recommended.

Navigation

- Navigation lights

- Apelco VHF (non DSC)

- Lowrance echo sounder

Electrical

12v electrical system

1 x Engine starting battery

1 x Domestic battery

Battery's charged via alternator
