This is a very solid and well made boat. Although not very well known, there were not many made, she is a boat with a lot to like. She has a large, open cockpit deck which is self draining. She has a comfortable and roomy wheel house as well. With a 3 year old low hours engine and on a twin axle trailer, someone is going to love this well equipped and capable fishing boat. She is structurally sound with solid decks and transom and the original gel coat is in great shape with a decent shine to it. These boat details are subject to contract. Note: Offers on the asking price may be considered.
